Sex and Gender in Biomedical Research
Sex and Gender in Primary Data Collection with Human Participants
Sex and Gender in Secondary Data Collection form Human Participants

Secondary Data Analysis for Cancer Prevention and Control

Operating Grant
Deadlines: Registration 2017-11-07; Application 2017-11-28

NSERC

INDUSTRY PARTNERSHIPS

Collaborative Research and Development (CRD) Grants

For technology development
Engage Grants
For initiation of research collaboration
Connect Grants
For outreach activities to build new partnerships

Applications are accepted throughout the year

SSHRC

Partnership Engage Grants

Application deadline: 2017-12-15

Save the date!
Round Table – Insight Development Grants

Scheduled for December 12
More details to follow in the next newsletter

Internal Funding Opportunities

Research Development Program (RDP)

Offers 2 separate opportunities:

Seed Funding Opportunity for new researchers to prepare a new application to tri-council
Bridge Funding Opportunity for established researchers to improve an unsuccessful Tri-Council grant application

Complete application must be submitted to the Research Office by **December 1st, 2017, 12pm**
Budget cannot exceed \$10,000

Population Health Research Network – Funding Competition

Creation of a new population health research network

Application deadline: 2017-12-18

This fall the Research Office has been busy with a record number of tri-council applications. Our researchers submitted applications totalling nearly **\$23M** in funds, including:

CIHR : 21 Project,
SSHRC : 3 Insight, 1 Partnership Engage,
1 Connection
NSERC: 2 RTI, 11 Discovery, 3 Engage

We would like to congratulate all applicants, co-applicants, collaborators and evaluators for their hard work and dedication.

We wish you all great success!
