ARE YOU READY FOR A TRI-AGENCY RESEARCH DATA MANAGEMENT POLICY?
An upcoming survey on data management practices will be distributed to faculty and postdoctoral fellows in health sciences and medicine at the University of Ottawa, March 20-31, 2017*.
Facilitated by the University of Ottawa Library, the survey is part of a national study conducted by Canadian Universities to inform local and national service development for researchers in academic institutions in light of the recent release of the Tri-Agency Statement of Principles on Digital Data Management in June 2016.
We encourage you to participate!
